GOODS IN EVERY CASE.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was severely bitten with a severe cold that affected his lungs, but tried many remedies without success. In consequence Dr. King's New Remedy, for Consumption, did so well he entirely cured him of a few leathes. Since which time he has used it in his family for all Complaints and Galls with best results. This is a very effective remedy. Many lives have been saved to this Wonderful Physician. Total Bottles free at all Druggists. Large Bottles \$1.

The people hereabouts may complain of the severe cold of the present week, but when we compare notes with the fearful suffering and death in the Northwest, we should feel profoundly grateful for the mild temperature of our homes. According to the papers, more than two hundred persons perished in death's icy grip in Dakota, Montana, Minnesota and Nebraska, whilst the extreme suffering and privations reported are heartbreaking to read of.

AN EASY REMEDY.—Edward Shepherd of Harrisonburg, Va., says: "Having received a much-needed call from Electric Bitter, I feel it my duty to let suffering humanity know it. We had a running sore on my leg for eight years; my doctors told me I could have it removed, but I would not. I have had a bone scraped out, and sometimes it would bleed, but it would not heal. I have tried every kind of bottle medicine. Bitters and seven boxes Buckle's Arthritis Salve, and my leg is now sound and well."

Electric Bitters are sold at fifty cents a bottle, and Buckle's Arthritis Salve at two cents a pound.

We do not say this community and section is on a boom—for it is not, but we do say that it's apparently so close up to a boom that some folks are actually a little daft about the prices of property. Why, a certain citizen that we hear of, who six months since was anxious to sell for \$3,000 now wants \$15,000, and not anxious to sell either. This is a sample of superlative over-confidence in an exceedingly uncertain future.

Miss Doss Bushart, daughter of Mr. N. J. Bushart, died last week of measles. Mr. Frank Jones, a nephew of Mrs. Bushart, who was living in the family, died also, of the same disease. All of the family, 7 or 8 in number, were down at the same time, but happily the others are now convalescing. Heartfelt sympathy is extended this afflicted family.

We direct the attention of our readers to the advertisements in this issue. Read them carefully, for therein you will find something that will save you money as well as interest you.

The man who would seduce an innocent girl deserves but one fate, and that is death at the end of a rope," remarked a gray-haired old man, whose determined look showed he would not mind engaging in an enterprise of that sort. The by-standers said amen.

See the notice of Frank P. Wall, merchant, at Cayce. For the next 30 days he will sell all kinds of winter goods at cost.

He is a good merchant, buys for cash, and uses all the margin of discounting his own bills, and gives his customers the advantage of it. Give him a call.

I have heard several reports about who killed the bear when Albert Roper, Alex. Briggman, and myself went to Arkansas, hunting. I can tell who killed the bear—I did, and was over two miles from any living thing that I know of, except my horse, two of my dogs, and one of Mr. Briggman's dogs. The bear weighed 480 pounds.

Respectfully your friend,

G. O. ROACH.
